This one falls into the "surprisingly complex to answer" category. Personally I hate having PDFs open within the browser. I find that the PDF reading application, like Foxit, Acrobat or others, generally provide me much more control over how the document is presented in turn making it much easier for me to read.

How Do I Get PDF Files to Open Inside My Browser? Or Not ...

Yes, with pleasure. First, please write to the musician Ron Sexsmith, after whom the font is named, and get him to change his name. You may also want to write to Sexsmith, Alberta, Canada, and see if you can get them to change their name before any of your students inadvertently consult a map.
